

This is such a great idea!!! So simple... Have Fun with it! Thanks Melissa May!

Each year the week before Easter I put together my "Bunny Basket"! Print out the Easter Egg discount slips and put them in plastic Easter eggs along with a piece of candy. Go out and see your customers and have fun with it! You will definitely get some great sales!

Don't forget to bring your Portfolio with you so you can ask them for help! They will be more excited about booking to help you than to just do it for themselves! Trust me on this!!!
